

# St. Paul's School Ethos

## Mission

At St Paul's School, we create a safe, inclusive, and nurturing environment where the curriculum is tailored to the pupils needs to inspire and teach them about present needs and future aspirations. To enable each young person to **BELIEVE** in themselves. Through this belief they will **ACHIEVE** and they will go on to **SUCCEED**.

## Aims:

Our restorative and trauma informed approach provides pupils with a safe school community, where they are seen and heard, where positive and meaningful relationships are at the HEART of all that we do. We are different, we provide a bespoke, nurturing learning environment, but teach and understand the hardships the pupils have endured and help them to become resilient and ready for the wider society in which they live.

## Values

**HONESTY** will be spread through the school to ensure I understand the impact of my actions.

**EMPATHY** will be a core principle, so that I can put myself in other's shoes.

**AMBITION** is key as we all become leaders of tomorrow by practicing leadership in our school community today.

**RESPECT** one another's right to safety and dignity at school. We will speak to each other with calmness, politeness, and civility.

**TRUST** is a foundation that we believe we are built on, as we trust on another to safeguard and be passionate about the learning and development of the pupils.

## **Whole Trust Mission**

To support individuals and families in Balsall Heath and wider Birmingham to lead healthy and fulfilled lives and make a positive contribution to their neighbourhood and the city.
